DR. ABORN,
From San Francisco,
Now Professionally at the
St. Charles Hotel
PORTLAND, OREGON.
EVIDENCES OF HIS SUCCESS IN CURING
CATARRH,
And other Chronic Diseases that have Resisted the Ordinary Modes of Treatment.

Letter from B. P. Murdock, Esq., Editor of the San Jose Daily Patriot.

SAN FRANCISCO, CAL., NEW YEAR'S DAY, 1871.

DR. ABORN, San Jose—Dear Sir: I have felt that our business and social relations for the last ten months were of such a character as to warrant me in addressing you this testimonial of my esteem for you, professionally and socially. Your remarkable success in the treatment of my son, Frank, a youth just entering on manhood, who had been afflicted for some time with an obstinate catarrh and throat disease, was but an additional proof of the distinguished reputation you had achieved in your profession before your advent to California, and disposed me to repose that reliance upon your scientific skill in the treatment of your specialties, which was so fully sustained by the success of our perscriptions in all cases under your treatment in this city and neighborhood.

Allow me, also, to express my thanks for the liberal and gentlemanly spirit you displayed in all of our business relations. As the proprietor of the San Jose *Daily Patriot*, I published for you many advertisements, all of which were promptly paid for, and in a manner peculiarly agreeable.

I do not know whether this letter will be of any use to you, but I have felt impelled to write it, as well as to assure you of my sincere esteem and cordial wishes for your happiness and prosperity.

Respectfully yours, etc.,
F. B. MURDOCK,
Editor and Proprietor *San Jose Daily Patriot.*

Letter from Wm. B. Lake, Esq.

SAN FRANCISCO, January 10, 1871.

DR. ABORN—Dear Sir: Permit me to add my testimony to the numerous public assurances you have received while here, of your skill and success in the treatment of those diseases which you make specialties in your practice.

My boy, now eleven years of age, had been seriously troubled for several years, with catarrh, when put under your treatment; when he was immediately relieved, and has been steadily improving ever since, until now he seems almost entirely recovered, and we feel we owe to your skill his rapid convalescence, and I assure you your name will ever be held in grateful remembrance by your young patient, and his parents and friends.

Yours respectfully, WM. B. LAKE,
No. 1029 Hyde Street, San Francisco.

LAW OFFICE OF R. P. & JABISH CLEMENT,
No. 51 Exchange Building,
SAN FRANCISCO, CAL., January 22, 1871.

DR. ABORN—Dear Sir: Understanding that you are about terminating your residence and practice in this city, I have thought that possibly you might be pleased to know that the little school girl, Mary Morris, whom you treated some months ago at my request, and who, you will remember, was nearly deaf and seriously afflicted with some bronchial trouble when she went to you, is now ENTIRELY CURED, both of deafness and bronchial affection, and declares that she was virtually cured on her first visit to you. She and her parents are very grateful to you, and think that it is wholly due to your skill that her hearing and health are restored.

Yours truly, R. P. CLEMENT.

Card from Charles N. Fox, Esq.

[Office of Campbell, Fox & Campbell, Attorneys and Counselors-at-Law, No. 528 California street.]

SAN FRANCISCO, Feb. 17th, 1870.

Were it not for the good which I hope it may have done to suffering humanity, by informing them where they could find relief, I should regret having given Dr. Aborn my little testimonial of the tenth of January, for the demands made upon my time, in answering inquiries in regard to him, have been more numerous than profitable to me; and still they come.

To save the necessity for further personal application, let me say to those who care for my opinion, that time has only strengthened my first favorable opinion of Dr. Aborn, and my confidence in the permanency of the cure affected by him. All my difficulty arose from catarrh, which had become of a serious character, affecting the hearing and the throat, giving me at times acute pains, and at others rumbling sounds in the ears, frequent headaches and so seriously affecting the bronchial tubes as to sometimes disable me from public speaking. It is also gone, and the change was produced, not by any species of charlatanism, as many suspect of the Doctor, nor by the absurd practice of putting medicines into the stomach, which was not affected, but by the skillful application of medicinal remedies directly to the parts which were diseased. I have found the Doctor a gentleman in his intercourse and business, and the judgment that I have formed of him professionally is, that he is a regular physician, thoroughly acquainted with the anatomy of the human body, and possessing a remarkable degree of skill in the treatment of those diseases which he makes his specialty.

CHAS. N. FOX.

Another Wonderful Cure of Asthma and Bronchitis, after all other Methods had Failed.

SAN JOSE, March 6, 1870.

This is to certify that I have been afflicted for over three years with Asthma and Bronchitis, and had tried every means in my power to effect a cure, and was told by my family physician (an honest and good doctor) that I could not be cured; and I became so weak that I could scarcely walk up a flight of stairs, and I happened to see a card from Lawyer Houghton, stating that he was being treated by Dr. Aborn, No. 22 Kearny street, San Francisco, and was getting great relief, and I thought I would go and see the Doctor; but I had little hope of getting relief, much less a cure. That was about the fifteenth of January, 1870, and to-day I claim to be a well man. I am fifty-nine years old. My mother and sister died with the same disease. I send this card, unsolicited, to Dr. Aborn, thinking that it might meet the eye of some of my acquaintances that might be suffering in the same way.

J. W. HARDWICK.

DR. ABORN

Has WONDERFUL SUCCESS in curing CHRONIC DISEASES after the usual routine of the profession have failed, and the many testimonials in his possession from prominent and influential men who are well known will substantially prove.

NO PAINFUL OPERATIONS.

DR. ABORN does not subject his patients to any painful or unpleasant operations; his treatment is mild, and safe for the most delicate child. The afflicted are hereby informed, that, after the first visit, for many of the diseases which he makes a speciality, they can take the treatment home and use it until cured, without pain or interruption to their usual avocation.

DR. ABORN ON CATARRH!!

[DISEASE TENDING TO CONSUMPTION.]

This is a chronic affection of the mucous membrane of the nostrils or the throat, originating in irritation or inflammation, and attended by more or less discharge. It is one of the most common, most disgusting, and finally most destructive of diseases incident to the variable climate of our northern latitude.

In its early stages catarrh fails to attract the patient's attention, so insidious is its approach. This is an unfortunate circumstance, because the most favorable period for treatment is thus unimproved, and because of the peculiar disposition of this disease to extend upward to the frontal sinuses, backward through the Eustachian tubes to the middle ears, and down through the larynx, trachea, and bronchia, to the air cells of the lungs.

The discharge from the affected part is at first a clear fluid, which may escape observation, unless it chance to be of a more than usual acrid character. As time goes on this gives place to a fluid that is thicker, and of a yellowish green color, and still later this may be succeeded by thick flakes or scales.

In all the more advanced stages the discharges are generally of an offensive odor, causing great annoyance to one's friends and, to the patient himself, while his sense of smell remains. This annoyance from the odor becomes almost beyond endurance, when, as sometimes happens, the delicate bones of the nose become diseased.

Some cases early assume the character of Dry Catarrh. There is then a feeling of uneasiness, heat and stiffness in the nostrils, which are often (one or both of them) closed by thickening of the mucous membrane, and thus a difficulty of breathing becomes a prominent symptom.

On examining the nostrils in Chronic Catarrh, with instruments specially adapted to that purpose, we find their lining membrane thickened and of a deeper color than in health. There are seen little points of ulceration, upon which the secretion becomes hardened and forms crusts. When these are picked off the diseased surface is irritated, and frequently bleeds profusely.

In each case of Catarrh the prominent symptoms are determined by the direction in which the disease extends. If this be upward there may be pain over and between the eyes, obstruction of the lachrymal ducts, causing the tears to flow over the cheeks, and possibly ophthalmia—inflammation of the eyes. If backward, there will be thickening of the walls of the Eustachian tubes, and consequent tendency to their obstruction, inflammation of the middle ear, buzzing sounds in the head, and impairment of hearing. When the extension is downward, the voice becomes hoarse or whispering and unmanageable; cough comes on, with expectoration and emaciation, to be followed too often by Consumption and Death.

In cases where the bones of the nose become diseased, not only is the offensiveness of the breath increased, but there is a liability to serious personal deformities, among which are flattening of the nose.

The swallowing of catarrhal secretions deranges the functions of the stomach, causing indigestion, and loss of appetite. Debility, paleness, lassitude, headache and disturbance of mind soon follow. In some instances the mental affection is one of irritability, the patient being suddenly annoyed by all the little perplexities of life. In others, the prominent feeling is that of the melancholy or depression of spirits, when the invalid can see no hope for himself or his affairs.

Allusion has been made to the extension of Catarrh by continuity of surface along the natural air passages to the substance of the lungs: thus causing Consumption and Death. In this connection it should also be remembered that the air which enters the lungs of a catarrhal patient is, every breath of it, poisoned by exhalations from the foul secretions of the diseased surface. By such air the blood cannot be properly purified and made fit to impart healthy vigor in its unending circuit to all and every part of the animal mechanism. One would suppose, that this consideration alone would be sufficient to induce every person thus afflicted to make early application for relief.

The treatment of Catarrh is in part constitutional, whereby the energies of the whole system are called to aid in expelling its destructive enemy. It is in part local, whereby the discharge is made less offensive, diminished and finally arrested, and whereby the ulcerated surface is healed and restored to its normal condition.

By means of new and ingenious apparatus, Dr. Aborn is able in Catarrh and all other affections of the respiratory organs, to apply his remedies directly to the desired localities. Treatment is thus made more efficient as well as less disagreeable. In many cases the first applications of the topical treatment will change the character of the disease and materially purify the breath.

A FEW REMARKS ON

DISEASES OF THE EAR.

It is a well known fact that Diseases of the Ear are among the most frequent and most tedious affections to which the human system is exposed, and that Deafness, or impairment of the hearing, is a lamentable misfortune alike to the public instructer, the military officer, and the government official, as each, is obliged to yield his position to another. Equally unfortunate is the loss of hearing to mothers, who have the moral correction of the speech of offspring; and to that offspring in after life, thus cut off from the principal source through which both moral training and intellectual development are conveyed. And yet this function of hearing—the most useful and pleasure-giving of all our senses—is frequently sacrificed by want of attention to the early symptoms of disease, when judicious treatment could readily affect a cure.

True, treatment is often deferred because there is no manifest pain, and hence no danger is anticipated; or because patients are taught by physicians to believe that their disease is not remediable; or because this department of medicine has been neglected, and physicians, though skilled in other departments, know but little of aural surgery, and hence patients are generally discouraged by them.

In our increased and extended anatomical and physiological knowledge, all just grounds for want of confidence now have entirely ceased to exist, as no department in medical science is more thoroughly and successfully treated than is this branch by Dr. Aborn.

The number of ear patients is constantly increasing with the increase of population, as they originate in so many diseases incident to childhood—as measles, scarlet fever, whooping-cough, &c., &c.

The latter disease is particularly prone to give rise to affections of the ear. Among the most troublesome (besides impairment of hearing) is one called otorrhœa, "a running from the ear," not strictly a disease, but a symptom of a diseased condition, which often becomes exceedingly offensive.

If this discharge continues without limit, which it is prone to do, it is liable to destroy the "drum" and delicate ossicles of the ear, and finally to produce caries of the bony walls. The popular notion that stopping this discharge endangers some other organ, or the life of the patient, should be corrected. There is far more peril in letting it alone than in curing it. While it continues, the discharge is a constant drain upon the constitution; but the health, on the contrary, is vastly improved by its eradication. Its persistence often indicates a scrofulous diathesis in the system.

Certainly, it is safe to change that morbid condition; to improve the general system; to remove the cause of disease, and the effect then ceases without danger. Nay, more: in the cure of otorrhœa, as in ozena, or a "running from the nose," the consumptive tendency is also cured. Thus rational cure never substitutes one disease for another—never compromises the laws of life.

Now, in order to eradicate this common prejudice, and disprove the false conceptions of both patient and physician, I have repeatedly published, during a series of years, certificates of cures of deafness, and from persons of high social, clerical and political position, as so many indisputable facts of the success of my improved method of treating cases of ear disease, often of seemingly hopeless character.

DR. ABORN

IS NOW PROFESSIONALLY AT THE ST. CHARLES HOTEL, PORTLAND,

Where he can be consulted for a few weeks.

By Overland Telegraph.

[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO AUGUST 19.

BY ATLANTIC CABLE.

Russia and Germany Arming.

PARIS, August 18.—The *Patrie* says: Russia is making great military preparations. Prussia is also filling up her corps, perfecting armaments and collecting enormous quantities of stores. The *Patrie* believes the preparations of the latter power are aimed at Russia.

English Affairs.

LONDON, August 18.—Fresh strikes have broken out among the workmen at Leeds, who demand a reduction of the hours of labor. Hundreds of new hands arrived at Newcastle to supply the places of striking engineers.

In the House of Commons to-day Mr. Graves, member for Liverpool, gave confirmation to the report that a duty of one franc per ton will be exacted by France as tonnage tax upon all vessels entering ports of France.

Postal Conference at Berlin.

BERLIN, August 18.—The Postal Conference in session suggests the conclusion of international treaties between all the Great Powers, including America; establishing a uniform rate of letter postage, regardless of distance, for 20 centimes when prepaid, and 40 centimes when unpaid, with additional charge on letters which go by sea.

French Affairs.

VERSAILLES, August 18.—Before the sitting Court-Martial to-day Ferrat detailed the fearful state of anarchy which prevailed under the Commune. Both Cluseret and Lullier sought to seize the dictatorship. The incendiaries, he said, were very nearly all foreigners.

Negotiations for the complete evacuation of France by the Germans are still pending.

Journals still continue to report outrages by the Germans.

The International Society.

MADRID, August 18.—The Committee of the International Society has addressed a letter to Sesilla, describing the character, extent and purposes of the organization. The letter avows the hostility of the Society to the Government, but complains of persecution of its members by the authorities and denounces the existing order of things as false and hollow, being maintained only through brute force.

War Between Turkey and Egypt Probable.

NEW YORK, August 19.—A Tunis correspondent of July 21st, says there will probably be war between Egypt and Turkey, and the personal relations of the Khedive and Sultan are far from being friendly. Some time ago a revolt occurred at a village in Arabia, near the Red Sea, and to suppress it 20,000 troops were dispatched there by order of the Sultan. The troops remain and the Viceroy of Egypt, dreading the hazards of war, seems unwilling to take steps which may expose his willingness to accept the gauntlet thus thrown down by Turkey. The surmise is that Turkey, desiring to resist the encroachments of Russia in the East, wishes to offer the Empire of Germany free transit through Egypt, which a war might be likely to secure in return for the aid Germany might give Turkey in the Indies.

The report that a conference of German Catholic Bishops will be held at Fundo, proves incorrect.

The Famine in Persia.

LONDON, August 18.—The famine in Persia is more terrible than was previously reported. There have been 27,000 deaths at Ispahan alone from starvation, and the condition of the provinces is still worse. The rice crop is a complete failure, and the cattle plague, small-pox, typhus fever and cholera prevail.

Crops in Scotland are excellent.

EASTERN STATES.

The Pacific Mail Hoax.

NEW YORK, August 18.—Pacific Mail stock sold down on a canard in reference to the loss of the *Henry Chauncey*. The company will offer $5,000 reward for the detection of a responsible author of the story. The stock is now quoted at 50¾.

Further About Pacific Mail Affairs.

NEW YORK, August 19.—For weeks past the stock of the Pacific Mail Steamship Co. has been the most active of stock. The price and transactions in it have steadily increased until on Thursday the dealings aggregated 75,000 to 100,000 shares. Extremes were 50½ and 52¼, with the bulk of business at 52¾ and 52. At noon time thirty thousand shares changed hands within fifteen minutes, with a fluctuation of three quarters of one per cent. Consequently when it was announced that the steamer *Henry Chauncey* had been burned, great excitement prevailed in the stock. Many believed the story, a few did not. All flocked to the Stock Exchange for the purpose of making a turn on the Pacific Mail, knowing that whether true or false the story would not be without its immediate result upon the market, causing temporary depreciation of value of the stock. About 9:30 the stock market was in full blast. Pacific Mail opened at 49¾ and declined to 40, and fluctuated between these figures until the street became convinced that the *Chauncey* was not burned, when a reaction set in and it rallied to 51¼, an advance of one per cent. on opening prices of the day. It closed at 50¼ and 50⅞, with considerably abated interest. Early in the day large amounts of stock changed hands. The origin of the hoax is attributed to a combination of speculators, who possessed a large amount of Pacific Mail stock and were both desirous of selling the stock and the public prior to the hoax. They had succeded in selling about 30,000 shares when the price declined to figures below what they had calculated. At this juncture it is believed they circulated the story of the steamer's destruction, with a view of creating a "short" or "bear" interest, which would make a market for more stock. When the rally came on the contradiction, their object was attained, for it is said they succeeded in selling about 2,500 on the rebound from 49¾ to 51¼. Upon a rumor that Commodore Vanderbilt was very ill in New York it declined nearly one per cent. Upon inquiry, no one could be found to vouch for his sickness.

Mr. Greeley Gently Recommends Himself for President.

NEW YORK, August 18.—The *Tribune* says Horace Greeley favors the one term principle; believes another Republican candidate for President can be selected who will win more support than Grant, and he advocates such selection; but should Grant be nominated, he thinks his election infinitely preferable to that of any Democrat. He views Democratic triumph as one of the gravest national calamities, and this is his reason for wishing the selection of a Republican candidate for President who will be more certain of success than Grant.

The Pittston Explosion.

PITTSTON, PA., August 19.—In the verdict of the Coroner's jury in the case of the mine explosion, rendered this morning, the jury find that the men were suffocated by obnoxious gases, caused by explosion or caving in of the roof. They believe the accident could have been avoided had there been strict compliance with the laws of ventilation, and while the mine owner is censurable for negligence, yet he is exonerated on account of illness for many months, preventing his attendance at the mine. Inspector Blewitt is exonerated because much occupied.

Tammany Republicans.

NEW YORK, August 19.—The *Times* this morning gives the names of sixty persons whom it charges with being professed Republicans, and nearly in all cases leaders in local Republican organizations, holding important offices under Tammany. It says that affiliation of these men with Tammany Hall created feuds in the Republican ranks, and materially aided Tammany at the elections.

WASHINGTON CITY.

Financial Affairs.

WASHINGTON, August 18.—The following circular was issued to-day:

TREASURY DEPARTMENT, WASHINGTON, August 18, 1871.

All bonds held as security for circulation in national banks for other bonds of the United States, except for the new five per cent. bonds now being issued, will be suspended from this date, until further notice.

H. R. HULBURT, Controller Currency.

WASHINGTON, August 18.—The Secretary of the Treasury has authorized the Assistant Treasurer to advance the payment of September interest, without rebate, on Tuesday next.

Subscriptions to the new loan to-day amounted to $30,000. Jay Cooke paid into the Treasury to-day, on behalf of the European Syndicate, $15,000,000 for subscriptions on account of the new loan.

Another Question with England.

WASHINGTON, August 19.—The Secretary of the Navy, in accordance with late acts of Congress, authorizing him to institute suit to obtain full damages for the destruction and loss of the sloop of war *Oneida*, in the Bay of Japan, has had a conference with the Attorney General, but no steps have been taken towards instituting a suit, which must be against the steamship company owning the *Bombay*. Several questions are still undecided.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 19.—The attendance at the Fair this day and evening was the largest since the opening.

Frank Pixley is speaking to a fine audience at Platt's Hall. On the subject of the Paris Commune, he thinks, though some of its members were guilty of great excess, in the main, it had right and justice on its side.

The Democracy have completely packed Union Hall to listen to Gov. Haight and other speakers. It is said that he threatens to deliver a political speech soon, and give the Republican party fits for its new departures on the Chinese and subsidy questions. His views are similar to Gorham's on those subjects.

A fire at Eureka, on the 15th inst., destroyed the largest business building in town, owned by Mrs. McGraw, and occupied as a drug and stationery store, and express office. Through the exertions of the new engine company the fire was confined to the building in which it originated. Loss heavy.

Judge Sawyer, in the U. S. Circuit Court to-day rendered an important decision, touching rights of patentees. A patent was obtained for an improvement in circular saws, and another party subsequently claimed to have invented one which actually infringed upon the patent. The new inventor sold the right to use his saw to a third party. The patentee sued for damages for an infringement of the patent, and obtained judgment against the second inventor, for the amount claimed and an injunction. The patentee then sued the third party for damages for using the invention which he had bought of the second party. The Court held that he could not recover as he had already obtained judgment for damages for this infringement against the second party, and the third party, who had bought in good faith before the suit commenced, really holds now under the original inventor, by virtue of such judgment. The decision is said to be a novel one, and affects many cases.

The Republicans having made a strong party ticket in Alameda county, the Democrats propose to unite with non-party men in nominating an independent or citizens' ticket in opposition, and a consultation is being held at San Leandro for that purpose. On the other hand, the sore-headed Republicans of San Francisco have succeeded in getting about 500 names to a petition for a convention to nominate a straight ticket, in opposition to the taxpayers' nominations, and will publish it to-morrow.

ARIZONA.

Miscellaneous.

LOS ANGELES, August 19.—The Arizona *Miner* of the 12th inst. gives the following news from Prescott:

On Saturday, August 5, Sergeant Major Harrington, of the 3d Cavalry, and Mr. W. Hisher, were killed by Indians in ambush on the last high divide overlooking Camp Verd.

Summer rains have fallen generally throughout the Territory, extending to New Mexico.

The man who lately perished on the desert, below Wickenburg, is identified as Cashar Cole, formerly of San Francisco.

A letter from Sunset Crossing of the Little Colorado river, August 1, says the Arizona Division of the Atlantic and Pacific Railroad, lying between the Rio Grande and the Big Colorado, is now being surveyed. Two parties are in the field. Prospecting parties are arriving at Florence, and up to the 8th numbered in all some 250 men, who will prospect the Pinal country in Eastern Arizona.

OREGON.

At Oakland, Douglas county, $1 per bushel is offered for wheat.

A runaway couple from California were married at Albany last week, the girl being a mere child only thirteen years old.

A proposition has been presented to the Common Council of Eugene, offering to furnish that town with water for a term of twenty years.

Joseph Woods, of Yamhill county, who, accidentally shot himself a few weeks ago, is in a critical condition and it is feared cannot survive.

R. H. Wood, formerly a resident of the Dalles, was killed by lightning on the 16th July while sitting in his house in Amboy, Lee county, Illinois.

A little son of Thomas Townsend, of Salem, who was thrown from a mule some days ago and dragged by the halter for some distance, died on Saturday of his injuries.

Among the sales of real estate in Lane county during the week were: Seven acres half a mile west of Eugene, $450; 90 acres near Lancaster, $2,700; 3 lots in Eugene, respectively, $430, $300 and $30; 160 acres in Springfield precinct, $1,700; other 160 acres in same precinct, $1,300; 132 acres in Mohawk Valley, $2,000.

From the Eugene *Journal*: One day last week a large female couger attacked a young child of Mr. Walden's, on Lost Creek. Several children were playing in the yard, and the animal approached and tried to carry off a child about two years old. Mr. Walden saw the danger, and picked up the child, when the couger followed around for quite a time, endeavoring to catch it, not seeming to care to attack the older children. After a time a neighbor succeeded in dispatching the animal.

MINOR TELEGRAMS.

Mesdames Stanton and Anthony lectured on Saturday at Santa Cruz, Cal.

The Sutro tunnel is in 2,332 feet. The ground works well. Little water has appeared.

A Fenian Brotherhood and Irish Confederation at New York unanimously ratified articles of union and consolidation.

Louise Mulbach, the German authoress, will visit the United States during the present year and give public readings in the principal cities.

Celia Logan Kellogg takes the trouble and a quarter of a column of the Washington *Chronicle* to say that her sister Olive is not 38 years old, as was reported in that paper. The paragraph to that effect was perhaps printed too soon, but it will all come right one of these days. Keep it standing. It is only a question of time.

A Detroit merchant received a check for $9,000 from a penitent defaulter. The amount due being only $8,050, he gratefully made change with a check for the balance, and indulged in profane swearing when he found the next day that the original check was worthless.

"Whiskey is your greatest enemy." "But," said Mr. Jones, "don't the Bible say, Mr. Preacher, that we are to love our enemies?" "O, yes, Jones; but it don't say we are to swallow them."

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

The Westfield Explosion.

WASHINGTON, August 19.—The Board of Inspectors appointed by Secretary Boutwell to inquire into the cause of the *Westfield* explosion, have reported that, in their opinion, the explosion was produced by a pressure not much in excess of twenty-seven pounds; that the flaw in the boiler was in when made; that the Inspector did his duty conscientiously, but that the flaw was where he could not see it, and engineer Robinson was guilty of direct and wilful violation of the law in carrying more steam than the Inspector's certificate allowed; that Superintendent Barstead ought to be held responsible with the engineer. They suggest that no engineer should be employed who cannot read and write, and that carrying a larger amount of steam than that allowed by law, should be sufficient cause for revocation of license.

The Law Relating to Steam Vessels.

WASHINGTON, August 19.—The Secretary of the Treasury has issued a circular to collectors of customs and inspectors of steam vessels, calling their attention to the recent law of Congress relative to steam vessels and rules lately adopted by the Board of Supervising Inspectors, and enjoining upon them the importance of prompt and strict compliance with the law and rules and their immediate promulgation among those interested.

The French Cable.

BOSTON, August 19. The steamer *Robert Lowe* is engaged in raising under, and repairing, the French cable between the Island of St. Pierre and Duxbury, Mass. The fact has been developed that the loss of both English cables last year and the consequent expense and inconvenience resulted from a stupendous blunder. When the cable in 1866 gave out, the fault was located by the usual tests in mid ocean, when a repair steamer was dispatched to take up and reunite the two ends. In grappling for the cables the cable of 1865 was picked up and accidentally severed, and the efforts to find the break in that of 1866 were fruitless. This left the public dependent entirely on the French cable till last spring, when it was discovered that the fault was in the cable of 1866, instead of being in mid ocean, and was in close proximity, near the Newfoundland coast, where it might have been repaired in a few [illegible], except for the original mistake, which resulted in the rupture of one cable. By efforts to find the break where it did not exist, facts have been discovered which have an important bearing in promoting and laying new and completing cables, confirming as they do, the theory that ocean cables once properly laid in deep water are little liable to be severed.

Attempts at Fraud in Pennsylvania.

PHILADELPHIA, August 19.—A special to the *Evening Telegram* says that in Evans' case the Governor has instructed the Attorney General to adopt such measures as he may deem necessary to enforce justice to the State. The arrest of Evans will follow. A powerful ring is believed to be connected with Evans, and that they have divided the money and decided not to refund the same to the State. Eminent counsel have been consulted and feel assured Evans cannot be convicted of embezzlement, because of the looseness of the law, and the members of the ring have calculated all the consequences of his arrest, which is now expected, and confidently expect him to be acquitted, as he has no property and his bond is only for $10,000. They expect that the bond will be collected and the farce will end. It is almost a complete conspiracy to defraud the State.

New York News.

NEW YORK, August 19. The Tammany official records of county expenditures for the years 1868, 1869-70, show that there was paid for furniture, stationery, repairs and building public buildings, $6,030,000.

The Yacht Squadron of Newport yesterday appointed a committee to select a yacht representative from the New York club in the race for the Queen's cup with Ashbury's *Livonia*. Three yachts are to be chosen to sail in a series of test matches, and the best of these is to run against the English yacht.

The horse plague has broken out a second time with great violence in the stables of the Brooklyn City Railroad Company.

Maria Kelley died this morning in the Bellevue Hospital of Asiatic cholera.

United States Commissioner Shields this afternoon issued a warrant for the arrest of the President of a leading insurance company on Broadway. The name and facts are withheld by the Commissioner until the arrest is made. The charge is for uttering forged bonds for ten thousand dollars.

The Italian procession on the 25th will be furnished with an ample police escort to protect them from interruption.

Financial Matters.

NEW YORK, August 19.—The Bank statements show a decrease in legal reserve of about $4,000,000, most of which is gold locked up by the clique to force shorts to cover. Specie has decreased $3,000,000; sterling, 82. Exports to-day were $222,388; for the week, $647,390. Government bonds strong. Stock market depressed by numerous false reports, the last of which was that of the death of Commodore Vanderbilt. Pacific Mail particularly weak; Western Union, 61¼; Quicksilver, 11¾; Mariposa, 3½; preferred, 6¾; Wells, Fargo & Co, 47; Pacific Mail, 47¾.

BY ATLANTIC CABLE.

French Affairs.

PARIS, August 19. German forces are withdrawing from the neighborhood of the fortifications northeast of Paris.

VERSAILLES, August 19.—In the Assembly to-day the committee on the army bill made a report recommending its passage. The bill as returned to Chamber, makes military service compulsory, and allows no—(Here the line broke.)

The Best Preparation for the HAIR is KINKEAD'S SAGE BRUSH TONIC.
jy1dtf

The Daily Oregonian.

MONDAY MORNING, AUGUST 21, 1871.

A Dangerous Business.

A Democratic neighbor is worried because under the new law granting pensions to soldiers of the war of 1812, the applicant for the pension is compelled to prove the legality of his witnesses—that is, he must have men to swear for him who did not participate in the rebellion. This requirement is characterized as one of the grossest of outrages. Doubtless, however, the authorities are of opinion that men like Lee, Breckinridge and others, who tried to overthrow the Constitution of the United States when they were under the sacred obligation of an oath to support it, thus committing perjury of the blackest kind, would not hesitate to swear that any man was "loyal," even though they knew that he had fought through the war on the rebel side. Such witnesses would probably take delight in helping to get money out of the Government.

There are many persons who are always pleased when they hear of any device whereby the ex-rebels can get money out of the public treasury. Such will be especially delighted to learn that the number of claims for property destroyed in the South during the war, already before the Southern Claims Commission exceeds six thousand, and that they are very rapidly increasing. Of course all the claimants protests their "loyalty." This business is very dangerous to the country. It is opening the door for the payment of losses of rebels, and frauds without number will be perpetrated under it. There will be no difficulty in obtaining any amount of proof of the "loyalty" of every applicant. That is to say, there will be no lack of *swearing* as to loyalty. And not only does the country run the danger of being compelled to pay for what the rebels lost by their own act of rebellion, but it also incurs the hazard of frauds and trumped up claims of every description. Congress will be forced ere long either to abolish this Southern Claims Commission altogether, or greatly abridge its powers. In his recent speech at San Francisco, Judge Williams showed this matter up. Put the Democratic party in power, and there will be no check whatever upon this business of paying rebel claims.

Hendricks and his False Pretences.

Thomas A. Hendricks, of Indiana, is a possible Democratic candidate for President, and has been proposed as such by several papers of that party in Oregon. Perhaps they would retract, did they know that he now claims to have been a "war" man and to have favored the suppression of the rebellion. His "war record" is mercilessly shown up by the Indianapolis *Journal*, which makes a standing offer to pay $1,000 for any speech in which, during the war, he favored the suppression of the rebellion by force of arms. Nobody has come forward yet to claim the amount, and the *Journal* apparently is not at all surprised, as it says unreservedly that Mr. Hendricks was opposed to the prosecution of the war, and did all in his power, without taking up arms, to prevent the suppression of the rebellion; that he assailed every act of the Government with intense bitterness; denounced every war measure as unconstitutional; did more than any man in Indiana to prevent volunteering; and exerted by far the most treasonable and vicious influence of any man in the State. It continues: "Voorhees was more outspoken against the war itself, but Hendricks with more cunning, directed his assaults against all the measures and means necessary to carry on the war. He more than any other made the draft a necessity in Indiana, and then furiously denounced it as unconstitutional. He had the confidence of the conspirators throughout the war, and is now the favorite of the Sons of Liberty for the Presidency. That he kept out of their lodges may be inferred from his customary prudence, but he was their inspiration, their hope, their idol. He is now attempting to commit the great fraud upon the country of running as a War Democrat, when in truth he was the most dangerous and deadly enemy the Government had in all the Northwest." But his friends will make no votes for him among the Democrats of Oregon by pretending that he was a war man. They don't like that kind.

A Bombshell Among Ohio Democrats.

Col. John M. Connell of Lancaster, Ohio, having been invited by the Democratic State Executive Committee to enter the pending campaign as a speaker, responds by a letter addressed to Senator Thurman, Chairman, which falls in the Democratic ranks like a bombshell. Col. Connell declines to enter the canvass, on the ground that the party, in taking the "new departure," is conducting the campaign on false pretenses. We quote as follows from his powerful letter:

> The voters of our party are not uninformed of the false position the party is placed in. They know we are going before the people this fall with at least two untruths glaring conspicuously on our front. When the Convention took upon itself to declare that the Democracy of this State recognized as accomplished facts the two latest (so-called) amendments to the Constitution, and regarded them as no longer political issues before the country, it stated an untruth. Nothing in the politics, then or now, has more affected the hearts and minds of the Democratic voters than these, there denominated dead issues. And when, in the second resolution, the Convention undertook to say that "the Democratic party pledges itself to the full, faithful and absolute execution and enforcement of the Constitution, *as it now is*, so as to secure equal rights to all persons under it, without distinction of race, color, or condition" it exceeded its authority and simply asserted what was known to be a falsehood. If the Democratic party is moribund, then, its political priests may be allowed to dictate to it confessions of sins of their defining. But they have certainly made the party to appear like the dying African, who, when asked by his preacher if he was ready to die, and whether he had forgiven his enemies, and especially his colored neighbor, between whom and himself there had long been a feud, answered, "Ef I'se gwine fur to die, I forgib him; but ef I gets well, dat darkey better look out for hisself."

The election that took place in North Carolina a couple of weeks ago, on the question of a constitutional Convention, resulted in a notable triumph for the Republicans. The Convention was defeated by 10,000. The object in attempting to call a Convention was to reconstruct the Constitution of the State in the interest of the ex-rebel Ku Klux Democracy; that is, to overthrow the reconstructed government. That the attempt was so signally defeated is regarded as an omen that North Carolina is good for the Republicans in 1872.

The *Staats Zeitung*, the great German Democratic daily of New York, comes out with a series of energetic articles against the Democratic plunderers of that city and State. It strikes with a vigor and directness which indicates that the Germans are getting awake, and that they are about done with the Democratic company in which they have long been training there.

Opinions Contrasted.

The *Herald* has changed editors again. The retiring editor in one of his last articles expresses great regret that Brick Pomeroy denounces the Tammany thieves, and says that he "appears to be striking wildly and foolishly for a Democratic journal." So it seems that there there are Democrats who think it the best and safest policy for their party to stand by and defend their leading men, even though these men have been proven public plunderers and scoundrels, and by official peculation have risen within the last six years from bankruptcy to the affluence of millionaires. But all Democratic papers do not think so. Here, for instance, lying before us, is the Chicago *Times*, the great Democratic organ of Illinois. It declares that it considers it a sacred duty of the press "by denunciation and exposure of office-holding thieves, to hold them up to public reprobation," and that the press of New York "in doing this with respect to the office-holding thieves of that city, is doing society and the country and the cause of public justice a more important service than the press of that city ever before done." So it appears that while the *Oregon Herald* is eager to help run the Democratic party as an appendage to Tammany, and to assist in covering up the rascalities of that organization, the more independent portion of the Democratic press is unwilling to do anything of the kind.

The Corean Affair.

Washington dispatches to the New York *Times* give some light upon the origin of the expedition to Corea, which has ended in hostilities. It was authorized by the State Department as long ago as April, 1870. Its object was simply to obtain a treaty with the Corean Government for the protection of American citizens shipwrecked on their coasts. The conduct of the negotiations was entrusted to Mr. Low, our Minister to China, accompanied by Mr. Seward, our Consul-General at Shanghai, and he was instructed to confer with Admiral Rogers at every stage, and to be prudent in his procedure. If he succeeded in the treaty regarding seamen, he was to use his judgment as to proposing a treaty opening Corean ports to commerce. It seems that the Coreans had been reported as having maltreated the shipwrecked crew of the American vessel *General Sherman*, but had previously treated kindly a crew, similarly situated, of an American vessel, the *Surprise*. The expedition was to take with it vessels enough to make "a show of force" and to maintain the dignity of the country. It is not yet shown what occasioned the unfortunate result of this peacefully directed effort.

The *Navy Register* for July, 1871, just issued, shows that there are 12 first-class vessels, carrying from 21 to 45 guns; 15 second-class vessels, carrying from 15 to 23 guns; 12, third-class, carrying, from 8 to 12 guns; 11 fourth-class, carrying from 5 to 7 guns; and 19 fifth-rate vessels, carrying from 1 to 16 guns or howitzers. The total number of vessels is 179, of which 51 are iron-clad, laid up at League Island, New Orleans, Washington and other places, the *Terror*, of the North Atlantic fleet, being the only one inactive service; 39 are tugs, doing duty at the various Navy Yards and stations, and a large number are laid up at the Navy Yards throughout the country, being of no use, as the law does not permit the enlistment of a sufficient number of men to send them to sea.

The Helena (Montana) *Herald* of the 10th inst. is an illustrated number,—the occasion being the great political revolution and Republican victory in that Territory. Claggett (Rep.) is elected delegate to Congress by 800 majority, over Toole, Dem. This is an astonishing result when it is remembered that Montana has heretofore been Democratic by 2,000 majority.

The exposure of the Tammany frauds doesn't "blow over." It continues to be the great subject of comment by the newspapers all over the country. In every State where elections take place this year, Democrats are forced to meet the odium of this public thievery, and the effect is not exhilerating to the party.

A friend sends us this: "All compositors are liable to commit typographical errors, but great care should be used in setting up the names of contributors, inasmuch as the authorship through such mistakes may be imputed to a wrong person. No one, however, will be deceived by an error of this kind in Saturday's *Herald*. A communication appears in that paper in which the name of a Grant county guidon is written 'Head Light,' when every one by reading the article will perceive that it was written by Light Head."

REMARKABLE CURE OF MRS. HOOVER.

TUALATIN PLAINS, Washington Co., Oregon, July 22, 1871.

DR. A. M. LORYEA—I have been troubled with Rheumatism for the past *twelve years*; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a LARGE BONY SWELLING grew out, so that I could not raise my hand to my head.

Since last spring I have been taking your "Oak Weed Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder, and THE BONY GROWTH HAS ENTIRELY DISAPPEARED and I use my limbs and am better than I have been for years.

M. HOOVER,
Wife of Hon. Jacob Hoover, ex-Treasurer of Washington county, Oregon. jy25d1m&p

PEOPLE OF OREGON

DESIROUS OF OBTAINING

PIANOS AND ORGANS

WE INVITE YOUR

SPECIAL ATTENTION

TO THE ORGANIZATION OF THE

OREGON PIANO FORTE

AND

ORGAN ASSOCIATION!

Full particulars of which will appear in our Pamplets in a few days.

Oregon Piano Forte and Organ Association,

Office No. 73, First Street Portland.

PORTLAND, August 11, 1871.

To MR. W. T. SHANAHAN—Dear Sir: You ask my opinion of the Association plan for supplying the community with Pianos and Cabinet Organs.

One or the other of these articles is coming to be regarded as indispensable in every respectable family. It was once deemed a luxury. It is now an entertainer, a companion, an educator—a center of attraction to old and young, to guests and visitors.

But the cost of a good instrument has hitherto kept it out of many families. Some find it inconvenient to pay so much at once; others object to paying so large a sum out of their business. The Association plan will commend itself to these classes.

It will encourage a third class, which needs only a suitable object, in order to check waste. Monthly savings would meet monthly dues.

Others will find the plan convenient. It will put them in possession of a valuable instrument, by payments so easy as not to be felt. And this will adapt it to persons of abundant means, and to all classes. Every thrifty family may have an organ or a piano.

My interest in it arises from a hearty leaning toward any plan which helps us all up to a higher level, and which brings to every man's door, the purest entertainment, and to his children the best education.

I have now told you what I think of the plan. To make it succeed, it must be placed on a sound financial basis, and controlled by men who have the entire confidence of the public. And there are plenty of such in Portland. Yours, faithfully,

A. L. LINDSLEY.

PORTLAND, August, 1871.

GENTLEMEN: I have long thought that an honest Life Insurance Agent of a reliable Company, and the seller of a good musical instrument, are public benefactors—the former by securing a defense against poverty in one of the worst forms that it can approach a family, the other by providing the best material companion to in man's home, and the means of pure enjoyment, as well as education to all who are in it.

I have myself experienced the difficulty of obtaining a good piano, where a large outlay of money is required at once, in purchase, and take hearty satisfaction in any well devised scheme of co-operation by which a piano or organ can be got at low cost, in small payments, extending over a long time. I have looked through the Articles of Incorporation and the By-Laws of your Company, and I like them. I hope you may be the happy means of putting many an instrument into homes that will be made doubly home-like by the possession. I am, truly, yours,

T. L. ELIOT.

RAILROAD LAND

OFFICE OF LAND DEPARTMENT,

OREGON & CALIFORNIA R. R. CO.

AND

European and Oregon Land Co.,

PORTLAND, OREGON, August 1, 1871.

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad Lands in advance of the same being placed in market to all parties desirous of securing them on the following terms:

The applicant filing in this office a claim in the form prescribed, to wit:

Pre-emption, date, No. ——

To the Land Agent of the European and Oregon Land Company:

SIR: You are hereby notified that I have settled upon and improved (description of land) in the county of State of Oregon, containing —— acres, and that I claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. D. 1871, to the terms of which I hereby fully assent:

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are opened for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment as all other lands belonging to the Company, when brought into market; provided such settlers shall file in the Land Office of said Company, written application, giving notice of such settlement, and shall accept the privilege upon the condition that when the price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise, as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)

(Postoffice address.)

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, No. ——

This is to certify that, of county, State of Oregon, has this day filed in this office a pre-emption claim to (description of premises), and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements), when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A. D. 1871.

When the price of the abovedescribed land is fixed, notice thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed) Land Agent of the E. & O. Land Co.

The lands will be appraised by a competent, disinterested party, under oath, at their actual present value—no fancy or prospective price on the basis of similar lands in the vicinity, and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person, payable in five equal annual installments, with interest from date of contract, at ten per cent per annum, principal and interest payable in United States Legal Tender Notes. Warranty deeds given after United States Patent issues, upon payment in full.

Blank forms of application furnished upon request.

I. R. MOORES, Land Agent.

TO HOUSE BUILDERS & PAINTERS.

"AVERILL CHEMICAL PAINTS."

THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for

Beauty, Permanence and Economy

That we can confidently recommend and guarantee an entire satisfaction in their use.

THEIR COST is less than pure leads, and covers one-fifth more surface, making them the most economical Paints in the market.

THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel off.

THEIR ADAPTABILITY.—They are already mixed and ready for use, and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.

Testimonials:

Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, '70: "I have no hesitation in recommending the 'Averill Chemical Paints' to those who regard economy and durability. It weathers our smoky atmosphere better than any Paints I have tested. The colors are rich and variable. Altogether I find them the CHEAPEST AND BEST."

"JACKSONVILLE, FLORIDA CUSTOM HOUSE.— It looks as fresh and glossy as when first applied. I do not believe any LEAD AND OIL CAN EQUAL IT.
"WM. P. DOCKRAY."

I have carefully compared the cost and merits of the Averill Paints with White Lead and Oil and find 99 cents per gallon in favor of the former.

CITY.

THE NEPTUNE BOAT CLUB EXCURSION.

ITEMS BY THE WAY.

Agreeable to liberal announcements given through the papers, the long looked-for excursion of the above club took place yesterday. The sale of tickets being greater than was anticipated, it was found necessary to put the steamer *Onconta* in the service for the occasion in place of the *Dixie Thompson*. At 9 o'clock the East Portland band, together with the boats to be used in the races, made their appearance, and soon after the *Onconta* steamed away with some 400 persons aboard, including quite a number of ladies. The trip down the river was enlivened by the music discoursed, and many took the opportunity of engaging in tripping the light fantastic.

The boat stopped at the much talked-of and certainly much abused town of Kalama, at which place the excursionists were allowed a short time to take a look about the town. Two members of the press being desirous of procuring a "square meal," and of taking a glimpse at the most interesting points, ventured up the hill to the Kasano House. They were soon seated at the table and fully prepared for an onslaught, but the kindly voice of the proprietor, Mr. Blackwell, induced them to hurry up, and in the anxiety to catch the boat, the good meal was suddenly left, and taking a morsel, they hastened away, reaching the boat in the "nick of time." We believe several persons were unfortunate enough to be too late. The steamer again on her way and we were soon passing St. Helens, in the Wallamet Slough, thence into the entrance of Scappoose Bay, where a landing was effected, and shortly after the boats of the club were placed in the water. The stake boat was soon stationed in place about three-fourths of a mile up the bay. The first contest was between the boats *Webfoot* and *Neptune*, the former manned by Tim Hurley, Collins, Geo. Woods (bow), and Cahill (stroke); dress, white shirts, turban cap with blue band pink crown. The latter was manned by John Holland (bow), John Nice, Phil. Holland and H. Nice (stroke); dress, flesh colored shirt and cap similar to those worn by the *Webfoot* crew.

The boats were got in line, and at the word "go," given Mr. Ben. Norden, were off, keeping well together for about 100 yards. The light build of the men in the *Neptune* boat, and the neat model of the craft, appeared at once in their favor. The *Webfoot* crew lost considerable by not taking a direct course, and also in the turn. The *Neptune* reached the stake boat, several lengths ahead, and made a splendid turn, the boys pulling a pretty stroke. The *Neptune* finally reached the starting point fully six lengths ahead. Time, ten minutes. A race between the defeated crew, in the *Neptune* boat and a party of amateurs in the *Webfoot*, followed—the distance tuned being a little greater. It was clearly evident that everything was in favor of the former, the amateurs giving out at the start, and rowing irregularly to the finish. The *Neptune* came in, in about fourteen minutes, leaving the other crew considerably in the rear. As it was getting late, other races were indefinitely postponed. At half past five the steamer started towards Portland, which place was reached at 8 o'clock. We believe the excursionists came home fully satisfied with the trip. Our space forbids further mention.

LOCOMOTIVE.—The bark *Webfoot* brought up from San Francisco, a new style locomotive, to be used on the railroad on this side of the river. This locomotive differs from those in use on the east side, in the essential regard of having three small, steel-rimmed drivers, instead of two. On the principle of natural mechanics that, what is lost in velocity is acquired in power, these locomotives cannot travel so rapidly as those having large drivers, yet are calculated to move with much greater power and climb with comparative ease and safety steeper grades. The united surface of these wheels on each side of the track increase the friction, lessen the liability of sliding. They are so constructed that the immense weight of the locomotive is balanced about its center on the drivers, which are placed but a few feet apart for convenience in imparting and distributing the power from the engines. This concentration of the weight imparts a greater adhesive force to the wheel and track than can be procured by any other patent. This locomotive has been used before on the Omaha route, and appears far from being new. It is very massively constructed, and with proper usage bids fair for years of activity. It is numbered 76, is nameless—a defect easily remedied when burnished and repainted—was cast at the iron works of Whitney & Son, Philadelphia, and weighs about thirty-five tons. A tender was also brought.

AN EPISODE.—Last Saturday evening during the dedicatory exercises of the new Odd Fellows' Hall at East Portland, a gust of wind came in suddenly at the open windows, and extinguished every chandelier in the room. In an instant the brilliantly illuminated hall was shrouded in darkness almost palpable to the senses. A momentary scene of confusion followed this sudden and profound eclipse, and some were thoughtless enough to laugh out right, in spite of the serious character of the occasion. The windows were all closed and the burners soon restored to their desired brightness, and the "brief episode" was soon forgotten in the more important and impressive duties of the hour.

SICKNESS.—Almost an epidemic seems to prevail at present among the children of the city. We hear of a great deal of sickness. Summer complaint seems to be the prevailing disease. With this exception, Portland has enjoyed an enviable season of good health, when the population and combined causes which tend to promote disease and sickness are taken into consideration. We remember hearing an old citizen remark the other day, when an individual complained of the number of deaths, "That there are less funerals now, than there were six years ago, in Portland."

AN EXPERT COMING.—It is stated on good authority that the champion skater of the United States—Miss Carrie Moore—will make a visit to this city some time during the coming winter, and give Portland amateurs a few lessons of her dexterity on the rollers. All the celebrities of the land, from Gen. Tom Thumb to Susan B. Anthony, have not "snubbed" this city yet by failing to visit us, and Miss Moore intends to follow in the wake.

A CORRECTION.—By mistake, Elder S. C. Adams was announced to deliver his Historical lecture on next Wednesday evening instead of next Tuesday. He will speak in the basement of the Taylor street church at 7:30 P. M. A large house is expected to be present.

TO ORGANIZE.—A number of our German citizens propose to organize a new Turn Verein Society. A meeting will be held for that purpose on to-morrow evening at the German school house. A full attendance is expected.

FROM BRISTOL.—The dispatches announce that the Bristol ship *Bristollian*, with a cargo of railroad iron from Bristol, put into San Francisco a few days since for provisions. She is on route for Portland.

SAILED.—The steam propeller, *Gussie Telfair*, Capt. John Hays, sailed from this port for Victoria and Sound ports on last Saturday evening, taking no passengers and a small cargo.

PROPELLER GRANT.—The little propeller *U. S. Grant*, Capt. Gray, from Astoria, is now lying at the lower portion of the O. S. N. Co.'s wharf.

LONG PASSAGE.—The bark *Webfoot* was sixteen days in making the voyage from San Francisco to Portland.

ARRIVED.—The United States steamship *Saranac* and ship *Goodell* have both arrived at San Francisco.

AMUSEMENTS.

THE BENEFIT.—Mrs. L. F. Beatty will be the recipient of a complimentary benefit at Oro Fino Theater this evening. A splendid programme will be presented. A full house should greet the performance.

LAST TIME.—M'lle Jeo's' circus will appear in this city on the 23d and 24th insts. This will be the last performance of this troupe in the city. Several new novelties will be exhibited.

RACES.—Few were in attendance at the River Side Course on Saturday afternoon. The following is the summary:

Jas. Welch's "Highlander" 2 1 1
B. B. Aker's "Coal Oil Tommy" 1 2 2
Time—3:12½; 3:9½; 3:9¼.

DEDICATION OF ODD FELLOWS' HALL IN EAST PORTLAND

INTERESTING AND IMPOSING CEREMONIES.

The formal dedication of the new hall in East Portland, to the future service and order of Odd Fellowship, took place on Saturday evening, in the presence of a large assemblage of members of the sacred brotherhood, and invited guests of both sexes. The ceremonies were impressive and solemn; abounding in many beautiful, sacred and sublime symbols of the order.

The various Lodges of this city had been invited to be present and participate in the dedicatory exercises. At half past 6 o'clock the members of Hassalo, Minerva and Samaritan Lodges, and a portion of Ellison Encampment, formed in procession at the Odd Fellows' Temple, corner of Alder and First street, and proceeded down Alder to Front, and from thence to the foot of Stark street.

THE PROCESSION

was met at East Portland by the members of East Portland band. After forming into line, the procession proceeded to the new hall, situated on J street, near the school house, on rising grounds. Arriving there, the Lodge formed into two lines, and the grand officers passed through the ranks, entered the building and filled up the narrow stairway to the second floor. The upper story of the edifice is dedicated to the use of the Lodge, and the lower portion will be used as a general hall for balls, parties and exhibitions of various kinds. At 7 o'clock the Noble Grand occupied the chair, and announced that the Grand Lodge could enter; at the same time, the Herald proclaimed the same, and the members entered from an ante-room. The Deputy Grand Master, Apperson, then took the Chair of the Noble Grand, and the Grand Warden, A. J. Marshall, assumed the Chair of the Vice Grand. The Acting Grand Marshall of the Day, C. H. Marvin, having announced all assembled, the band played the National Anthem. At its termination the Grand Chaplain, A. G. Walling, recited prayer. At its close the entire audience sung an ode appropriate to the occasion, and on the finishing of this Grand Marshal Marvin demanded of the Grand Master if it was his desire that the Hall should be dedicated to the service of Odd Fellowship? That officer responded in the affirmative, and the ceremonies were instituted at once.

THE CHAIRMAN

of the Hall Association, Mr. J. A. Kenworthy, stated that after much labor and exertion on the part of the members of Orient Lodge, No. 17, he was happy to state that the building was completed, and all were afforded shelter within its walls. He concluded by adding that the Hall was now ready to be consecrated to the purposes of the Order.

THE GRAND MASTER,

Apperson, then addressed Mr. Kenworthy and the members of the Mystic Brotherhood. He accepted, for the purposes mentioned, the Hall. He referred to the struggles of the Lodge to have it constructed, and said that the occasion must be an interesting one to its members, for the fruits of their toil were gathered. They now had a Hall worthy of brethren from the north, south, east and west, who were interested with them in visiting the sick, burying the dead, feeding and educating the orphan. Beneath the roof of this Hall benevolence, friendship and charity should be encouraged, and henceforth it was to be dedicated to friendship, truth and charity. Here was to be sown the seeds of truth in the hearts of man. He hoped the brethren throughout the world would receive for their labor the sanction of the Grand Master of the Universe.

At the conclusion, prayer was recited by the Grand Chaplain, A. G. Walling, and the Grand Master announced the Hall ready to be dedicated to Faith, Hope and Charity, Truth, Benevolence, Friendship and Love. The cardinal points of the compass were represented by four Heralds, who advanced to the table in the center of the room on which were placed four glass chalices filled with wheat, water, spirits and flowers. Each Herald then took, in regular order, his chalice, and with an appropriate address, proceeded to sprinkle the table and floor with the water, scatter the wheat, burn the spirits and strew the flowers. These were symbolical of the virtues and essence of the Order. The water typified pure and lasting Friendship; the spirits burning, the unconsuming attributes of Love; the wheat, the productive seeds of Truth, and the fragrant flowers represented in one, the trio virtues of the Order—Friendship, Love and Truth. After the conclusion of these very impressive and beautiful portions of the dedicatory ceremonies, proclamation was made by the Grand Marshal, C. H. Marvin, that the Hall was formally dedicated. Prayer was offered by the Grand Chaplain, after which appropriate music was discoursed by the band.

THE GRAND MASTER

then delivered his charge, [want of space precludes a synopsis—REPORTER;] after which he introduced the Orator of the evening, Past Grand O. N. Denny, who delivered a brief, finished oration,—apt, fitting, appropriate, eloquent and beautiful, on the purposes of the Society; its bright and opening future, and its rapid, vigorous growth since its organization, May 18th, 1867. At the present time its membership numbers 50. The address was warmly applauded at its close. The ceremonies which had assembled the audience and members, having been concluded, the brethren and invited guests adjourned to the lower hall, where a cold collation had been bountifully spread, and of which all partook heartily.

THE HALL,

which is a large and commodious one, and sufficient to meet all the requirements of the Order for years to come, is situated in a very pleasant locality on J street. It is sixty-five feet long and thirty wide, and is two stories high. The lower story is to be used for dancing, theatrical exhibitions and speaking, and the second one is occupied by the Lodge. It is handsomely furnished and lighted by gas manufactured in the garret of the building, from oil. The building alone cost $3,500, and $1,000 for the furniture, makes a total of $4,000. The hall belongs to a joint stock association, and the stock is taken by members of the Lodge. The officers of the association are Mr. J. S. Kenworthy, President; J. J. Allen, Secretary, and Mr. Kenworthy, Treasurer. The Directors are Messrs. J. Dolan, J. A. Kenworthy, J. J. Allen, C. L. Sheppard and S. Stafford.

DEEDS FILED FOR RECORD.

PORTLAND, Saturday, Aug. 19, 1871.

Wm. Watkins and wife to Wm. H. Watkins, lots 1 and 2, block 258; consideration $1.

Wm. H. Watkins and wife to Wm. Watkins, lots 3 and 4, block 258; consideration, $1.

Wm. F. Brown, Jr., and wife to Simon Blumeaur, lots 1 and 2, block 322, Gillihan's Addition; consideration $2,475.

C. F. Weigand and wife to W. F. Brown, Jr., east half of block 322; consideration $1.

VESSELS IN PORT.—The following vessels are now in port: Ship *Dovenby*, barks *Almatia*, *Webfoot* and *Skiddaw*, and steam propeller *California* for repairs.

TEMPERANCE LECTURE.—Mrs. Carrie F. Young, editor of the *Woman's Pacific Coast Journal*, and a lecturer of more than ordinary ability, will discourse on the subject of Temperance this evening at the Congregational Church, corner 2d and Jefferson streets. This lady has traveled over a large portion of our States and Territories on this coast, as well as east of the Rocky Mountains, and her opportunities to witness the wide spread havoc which this growing evil is committing in our otherwise happy land, with her power of graphically depicting the scenes inseparable from a drunkard's life, are not possessed by many who have treated on this subject heretofore in Oregon. We have had the pleasure of listening to her, and fully endorse what the Press on this and the Eastern slope have said about her as a speaker in every way capable of fascinating and interesting her audience by her forcible and eloquent arguments in favor of total abstinence, as the only safeguard to our rising youth from the horrors and misery of a drunkard's life. We have no doubt but that a full house will greet this champion of the temperance cause. Admission free.

SCHOOL OPENING.—Mrs. Mary Simmons' Private School, corner Third and Main streets, will open Monday, 21st inst. Pupils will be taken during the term.

TO CARPENTERS AND BUILDERS.—G. L. Hibbard & Co., have on hand and for sale at very reasonable prices, a large lot of DOORS, BLINDS and WINDOWS of the best quality. They also have a fine lot of Machine Oils, Wagon Timber, Flour and Family Groceries. Persons wishing the above articles will do well to give them a call, corner of Alder and Front streets.

Vichy Water are curative to Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Liver, Spleen, Hepatic Colic, Paludal Cachexia, Albuminaria, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetis, etc. For sale at G. H. Woodard & Co.'s Drug Store, Front Street, Portland.

Neglected Coughs and Colds.—Few are aware of the importance of checking a Cough or "Common Cold," in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon preys upon the Lungs. "*Brown's Bronchial Troches*" or Cough Lozenges afford instant relief.

Owing to the good reputation and popularity of the Troches, many *worthless and cheap imitations are offered, which are good for nothing*. Be sure to OBTAIN the true "*Brown's Bronchial Troches*." Sold everywhere.

WILLIAM DAVIDSON.

REAL ESTATE DEALER.

Office No. 64 Front Street,

Medical Mistakes.

It took the faculty about a thousand years to discover that the best way to cure disease was not to render the patient too weak to contend with it. Within the last twenty years, however, the whole system of medical practice has been changed for the better. In diseases or complaints caused by excessive heat, for instance, the doctors no longer recommend the reduction of the invalid's strength by prostrating medicines. The vast success which has attended the use of Hostetter's Stomach Bitters as a remedy for debility, has given even the most prejudiced members of the old school an insight into the only true and rational theory of cure. Cantharides, calomel, and overpowering doses of opium, are now among the obsolete nostrums of another age. The lance, once as much the legitimate weapon of the physician as the sword is of the soldier, is seldom drawn from its case. The principle of life is no longer drained from the veins by the quart, and water-gruel for the strengthless invalid has ceased to be considered appropriate diet. Vigor is the motto of the rational member of the profession, and they understand, at last, the value of a sterling vegetable tonic. So also, with the people at large, and without consulting medical men at all, they have adopted the bitters as a household remedy, thereby economizing both cash and health.

Note the fact, that Hostetter's Stomach Bitters is sold in bottles only, never in bulk, and that the abortions springing up in various parts of the country, and sometimes offered as substitutes for the great national specific, are all utterly worthless.

A HOUSEHOLD BLESSING.

One that no family should be without. Very warming, very penetrating, very strengthening, very effective. A never-failing remedy for Rheumatism, Gout, Neuralgia, Paralysis, Pleurisy, Sore Throat, Colic, Cramps, Cholera Morbus, Swellings, Stiff Joints, Sprains, Bruises, Headache, Toothache, Earache, Pain in the Breast, Lame Back and all Lameness and Pain. Such is PRATT'S ABOLITION OIL. Price, large, $1 00; small, 50 cents. For sale by all druggists. Ask for PRATT'S ABOLITION OIL, and take no substitute.

PRATT'S NEW LIFE

The famous Vegetable Blood Purifier and Liver Invigorator, thoroughly purifies the Blood, speedily cures Scrofula, Skin Diseases, Heals old sores and ulcers and eradicates from the system all humors and disorders arising from impure blood. It stimulates the Liver and Kidneys, strengthens the whole system, operates mildly on the bowels, allaying all internal inflammation, and is the best Purifying, Regulating and Invigorating Remedy in the world. Price, $1 00. For sale by all druggists.

REAL ESTATE BROKERS,

Corner Front and Washington Streets,
PORTLAND, OREGON.

Agents for the Sale of Blocks and Lots in

HOLLADAY'S ADDITION

TO

East Portland!

TO OUR PATRONS AND THE PUBLIC GENerally desiring to make SAFE and RELIABLE Investments in Real Property, we beg leave at this time to call your attention to this DESIRABLE TRACT, which has been subdivided into Blocks and Lots, and is now in the Market, to be sold in Alternate Lots and Blocks.

No one that has ever visited this body of land but what will say that it is the MOST ELIGIBLE for SUBURBAN RESIDENCES of any ever offered in this market, the land having a gradual slope from the River back to SEVENTEENTH STREET, there being scarcely any Block in the entire tract but what a

Fair View of the City of Portland and Willamette River

Can be had. Another advantage this Property will have for Residences: no high water will ever affect the drainage of the city.

The Oregon and California Railroad Company's New Ferry Boat is now making Regular Trips from the Foot of F street, Couch's Addition, to the Foot of Oregon street, Holladay's Addition.

IMPROVEMENTS TO BE MADE:

Aside from gigantic Improvements now in contemplation by the Railroad Company, in the construction of Wharves, Warehouse and Machine Shops, quite a number of citizens will commence erecting fine Residences and Business Houses; also, Street Improvements, under contract, by grading and planking Holladay Avenue its entire length, to connect with the Sandy Road. We can say that at least a Half Million Dollars will be expended in Permanent Improvements on this Addition the present season.

TERMS OF SALE—30 per cent. CASH down, deferred payments, six and twelve months, with interest at the rate of 10 per cent. per annum.

NO QUESTION AS TO TITLE

The Title to this property is undisputed, being a portion of the Donation Land Claim of Jacob Wheeler and wife. United States Patent issued, and conveyed by said Wheeler and Wife to Geo. W. Weidler.

Parties desiring to invest will find Maps and Plats of the property at our Office, or at the Office of Messrs. PERRY, RUSSELL & WOODWARD, and other LAND AGENCIES in the city.

STITZEL & UPTON

FINANCE AND COMMERCE.

SATURDAY EVENING, August 10, 1871.

Gold in New York 112¾.

Currency, buying, 88½c; selling, 89½c.

The steamer *Gussie Telfair*, with full cargo of assorted merchandise sailed for Puget Sound Ports this evening.

The steamers *John L. Stephens* and *Constantine* are due on Monday, August 21st.

It is reported that the steamer *Oriflamme* will be laid up for repairs upon her arrival at San Francisco.

A copy of the exports per *Gussie Telfair* we were unable to obtain. This makes the second steamer leaving this week for a copy of whose manifest we asked and were unable to obtain. Our merchants expect that the N. P. T. Co. would accord to them the privilege of having or allowing the manifests to be published, not the aggregate amount exported or imported, but the total of each separate article shipped in or out on their vessels. This is faithfully carried out in other commercial cities, as it is a guide to merchants to know how the supply and demand is. [illegible]

The yield of wheat according to the *Farmer*, in California was larger than estimated, as the kernel filled out well, and many localities never before producing larger amounts of grain than this season. The farmers of that State are summer fallowing this year, and intend to adopt that method of farming in the future. The yield, it is estimated by some, will be next year, from the improvement in irrigation and from the general adoption of summer fallowing, not less than three times the yield of this year.

The estimated grain crop of Minnesota, gathered from official sources, are as follows

	Acres.	Av'ge yield.	Total crop.
Wheat	[illegible],000	12 bushels	12,200,000
Oats	440,000	30	13,200,000
Corn	272,000	37	10,064,000
Barley	54,000	30	1,620,000

The average per acre of wheat is far below what was expected from one of the first wheat growing States in the Union. The reason assigned is bad farming,—that is, shallow plowing and neglect of putting crops in early. The total yield of wheat in the State this year will be 2,000,000 bushels less than last year.

We were shown a private letter, under date of August 7th, 1871, [illegible] which the writer says: "The stock of old wheat still on hand is very large, and the yield throughout the United States is above an average." A firm in this city [illegible] a letter from their correspondents in San Francisco informing them of a telegram received by them from Liverpool, bearing date August 12th, 1871, advising them that "harvest weather was favorable." By public dispatches to-day we are informed that Prussia and Russia [illegible] and that the former power is [illegible]. The supposition is she is [illegible] accounts for the rise in wh[illegible] in yesterday's [illegible] follows commer[illegible] [illegible] there is [illegible] for [illegible] in that market. It that is the case [illegible] higher prices here will depend upon the fact whether those two [illegible] engage in war or not.

Advices from Foochow state that the market for the new crop of Tea had opened 8t higher than last year, and under heavy purchases had advanced $6@7. Advices from Yokohama report an active demand for new teas for America at full prices; the closing quotations being several dollars higher than at this time last year, and an advance on prices ruling one month before. The China [illegible] which arrived in San Francisco August 13th brought 42,500 packages of [illegible] packages being for San Francisco [illegible]. The amount of rice brought is insignificant. She also brought 1,000 bales silk for Western and European markets. [illegible] from Shanghai and Hong Kong for England with new teas aggregating 22,000,000 pounds. From Foochow 7,200,000 [illegible]. There were [illegible] twenty-four vessels for Europe and two for New York. One cleared for New York carrying 140,000 pounds.

[illegible] from Hong Kong quote flour, in 50 lb sks at $1 80@1 00; in bbls, $7 25@8. Wheat, $2 40@2 50 ⅌ 133⅓ lbs. The demand for rice was very active, with sales of 218,000 piculs for the [illegible] ending July 12th. Saigon was quoted at $2 10@2 12½, Siam, $2 10@2 40, Manila $2 20@2 45; no stock of Aracan, Bengal or Rangoon; No. 1 China, $4 50@4 60. Opium had been in good demand at hardening rates, new crop Patna advancing from $587 [illegible] from $676 to $605 ⅌1,000 taels. The tea purchases had been conducted on a large scale.

The steamers from Hong Kong for San Francisco were the *Admiral*, *Francis* (via Honolulu), *Nellie Hastings* and *Parlow*, to be followed by the *Sir Henry* [illegible]

The *Ajax* from Sandwich Islands to San Francisco, brought 5,000 kegs sugar.

Merchandise Report.

FLOUR—Considerable is being shipped [illegible]. There were several lots shipped to Puget Sound to fill [illegible] extra, and $5@5 50 [illegible]

WHEAT—The market rules quiet, as there seems considerable uncertainty as to the future. No one seems to have any confidence in the small rise in Europe as indica[illegible] and to buy for speculation on the [illegible] between [illegible] has done. The receipts are very light. We quote price $1@1 12½ per bushel.

BACON—Sides firm at 14c. We note sales at that [illegible]

COFFEE—In the East has advanced again, owing to news received confirming short crops in Brazil. Prices here firm.

POTATOES—Sales to-day in lots at 1¼@1½c per [illegible]

OILS—We note an advance in freight from Eastern ports to New York which will tend to retard shipments of petroleum that will undoubtedly affect the market [illegible]. Prices here for petroleum or coal oil is from 45@50c per gallon.

RICE—Is held firm by importers. The lot brought per *Garibaldi* is offered for sale on terms private. We note sale of one lot of 400 mats private.

SALT—Stocks very large of all descriptions, with a fair demand at current rates.

[illegible] Markets.

[illegible]

San Francisco, August 10.—Flour unchanged.

Wheat—Choice $3 25.

Barley—Choice Bay at $1 00—extreme figures; good at $1 85; old, choice at $1 95.

Bids must be endorsed, "Proposals for the Improvement of the Upper Willamette River, Oregon."

HENRY M. ROBERT,
Major of Engineers, U. S. A.

Aug 18d6t

Taylor Street.

SEALED PROPOSALS WILL BE RECEIVED AT THE office of the Auditor and Clerk of the City of Portland, until 12 o'clock M., Monday, August 21, 1871, for the improvement of Taylor street in the manner provided by Ordinance No. 1,042.

Bids must state opposite the number of each block the price per cubic yard for excavation and embankment, and the price per lineal foot for sidewalks and crosswalks.

Each bid must be accompanied with the bond of two freeholders, properly verified, in the sum of five hundred dollars, to the effect that if the contract be awarded to such bidder, he will, upon its being so awarded, enter into contract therefor, with good and sufficient sureties for its faithful performance.

The right to reject any and all bids is hereby reserved.

CITY ADVERTISEMENTS.

Ordinance No. 1032.

AN ORDINANCE MAKING AN APpropriation for the purchase of a lot for Public Building purposes.

The city of Portland does ordain as follows:

SECTION 1. That the sum of Eight Thousand Five Hundred Dollars be and is hereby appropriated out of the General Fund, for the purchase of a lot on which to erect a building for Police purposes.

Passed the Common Council July 26, 1871.

W. S. CALDWELL,
Auditor and Clerk.

Approved, July 28, 1871.
au19d5t PHILIP WASSERMAN, Mayor.

Ordinance No. 1031.

AN ORDINANCE TO PROVIDE FOR the purchase of a lot for Police Buildings.

The City of Portland does ordain as follows:

SECTION 1. That the Mayor and Committee on Streets and Public Property be and are hereby authorized to purchase Lot No. four (4) in Block thirty (30) in the city of Portland, for Police Buildings, at a cost not to exceed Eight Thousand Five Hundred Dollars; *provided* they can obtain a perfect title thereto.

Passed the Common Council July 26, 1871.

W. S. CALDWELL,
Auditor and Clerk.

Approved July 28, 1871.
au19d5t PHILIP WASSERMAN, Mayor.

Ordinance No. 1035.

AN ORDINANCE AUTHORIZING A contract with the Portland Water Company, for water.

The City of Portland does ordain as follows:

SECTION 1. That the Committee on Fire and Water be and are hereby authorized and directed to contract with the Portland Water Company for supplying with water the Fire Cisterns, Fire Hydrants, public buildings and offices constructed or erected, or to be constructed and erected, for the term of one year from the first day of July, 1871, at not exceeding one hundred and fifty dollars per month, payable monthly.

Passed the Common Council July 26, 1871

W. S. CALDWELL,
Auditor and Clerk.

Approved July 28, 1871.
au19d5t PHILIP WASSERMAN, Mayor.

Ordinance No. 1039.

AN ORDINANCE TO DESIGNATE the Park Blocks by letters and numbers.

The City of Portland does ordain as follows:

SECTION 1. That the tracts of land lying between North East Park and North West Park streets, and the streets hereinafter named, be designated upon the maps and records of the city as follows: The tract between A and B streets as Park Block A; between B and C streets as Park Block B; between C and D streets as Park Block C; between D and E streets as Park Block D; between E and F streets as Park Block E; and between F and G streets as Park Block F.

SECTION 2. The tracts of land lying between East Park and West Park streets and the streets hereinafter named shall be numbered as follows: The tract between Salmon and Main streets as Park Block 7; between Main and Madison streets as Park Block 8; between Madison and Jefferson streets as Park Block 9; between Jefferson and Columbia streets as Park Block 10; and so on, consecutively, as far South as said Park streets extend.

Passed the Common Council July 26, 1871

W. S. CALDWELL,
Auditor and Clerk.

Approved July 28, 1871.

PHILIP WASSERMAN,
au19d5t Mayor.

Ordinance No. 1042.

AN ORDINANCE TO PROVIDE FOR THE TIME and manner of improving that part of Taylor street lying between Seventh and Tenth streets.

The city of Portland does ordain as follows;

Section 1. The proposed improvement of that part of Taylor street lying between the east side of Seventh street and the center of Tenth street, shall be completed as hereinafter provided, on or before the first day of October, 1871.

Sec. 2. The surface of the street shall be cleared of all plank, timbers or other obstacles or perishable materials (side-walks, cross-walks and plank roadways of the proper width and grade excepted). If the obstructions are not removed by the owners of the adjacent lots within three days from the service of notice by the Street Commissioner, they shall be removed by and become the property of the contractor.

Sec. 3. The improvement shall consist of grading, laying sidewalks, crosswalks, a plank roadway sixteen feet in width, and plank gutters where necessary.

Sec. 4. The work to be done and materials furnished shall correspond with the provisions of and under the restrictions contained in Section 0, 1, 8, 10, 11 and 12 of Ordinance No. 793, entitled "an Ordinance in relation to the improvement of streets."

Sec. 5. The contractor shall take entire charge of the work during its progress, and shall be responsible for any loss or accident resulting from carelessness or neglect.

Sec. 6. The Committee on Streets and Public Property are hereby authorized to advertise for proposals, receive bids and enter into contract with the lowest responsible bidder or bidders for the improvement specified in this ordinance.

Sec. 7. The improvement shall be completed to the satisfaction of the Committee on Streets and Public property and the Street Commissioner.

Passed the Common Council August 2, 1871.

W. S. CALDWELL,
Auditor and Clerk.

Approved August 4, 1871.

PHILIP WASSERMAN,
au17c5t Mayor.

$800 REWARD.

ESCAPED FROM THE OREGON STATE PRISON, June 8, 1871,

George Bargeman alias Shultz,

BARGEMAN is 5 feet 7 inches in height light brown hair, blue eyes, fair complexion, wears No 8 shoes, broad face, heavy set, has the following marks tattooed in India ink: A man on horseback on right breast; bunch of roses on left breast; American coat of arms on right forearm, and a coat of arms above elbow; also the figure of a woman on right forearm; crucifix on left forearm; Goddess of Liberty above the elbow; scar on right arm near shoulder, caused by a gun-shot wound.

I will pay for the apprehension and return to the Prison, eight hundred dollars—six hundred thereof to be paid by the State and two hundred by the employees of the State Prison—for Bargeman *alias* Shultz.

Medical.

Portland Private Hospital & Medical Dispensary.

THIS INSTITUTION IS DEVOTED TO THE treatment and cure of all old Chronic and Private Diseases of every grade and character. All Medicines prepared and furnished by the Doctor himself. No mercurial preparations of any kind used either *internally* or *externally*. An experience of twenty-two years enables me to permanently cure many of the so called incurable diseases with which the human family suffers. Any and all complaints can be cured on application to this institution that can be cured in the larger cities of the United States. Of this fact I have proof to present for investigation. Many old complaints in and around Portland are already cured, which the afflicted can have for reference, excepting Private cases, which in no case will be given. It matters not how much medicine you have taken, how long you have been treated or by whom. Call and investigate. Truth proved no one can doubt; without proof no one is bound to believe.

Office consultations FREE OF CHARGE.

Cases treated by letter. Medicines packed and sent to any address.

To the Ladies.

You who are suffering a life of misery which makes existence a burden, whether married or single, can in nearly every instance be cured in a short period of time, thus becoming healthy and free from pain, weakness, debility and disease, which, like the canker worm, slowly but surely destroys vitality. Chill Fever cured at once without the use of poisonous medicines of any kind. All consultations, examinations, letters and communications strictly confidential. Dispensary on Front street, opposite Vaughn's Mill Portland, Oregon.

my9dawtf J. N. CUNNINGHAM, M. D.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the affects of secret indulgence, or from vices absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his special study for years, and who is certain to correct the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of his complaint by any of the San Francisco quacks.

MARRIED [illegible]

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars [illegible] letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their 'Medical' Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus utility certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, San Francisco. Post Office Box 1,957. REMEMBER TO PUT BOX 1,957 ON THE LETTER. Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily C*[illegible]

TARRANT'S SELTZER APERIENT

Sects and Creeds differ, but there are no dissenters from the general principle, that a great medicine is a great blessing. We have many of these blessings, but among them all, in the province to which it belongs, no greater than

TARRANT'S EFFERVESCENT SELTZER APERIENT.

A column would not suffice to enumerate the ailments for which it is prescribed by physicians of the highest standing. It does not belong to the class derisively termed "patent medicines," but is an article based on scientific analysis, and will stand the test of the sharpest and most rigid medical criticism, as a cathartic, a stomachic, an anti-febrile preparation, and an admiral remedy for all bilious complaints. Let there be no mistake. Secure the genuine article only.

SOLD BY ALL DRUGGISTS.

MARSHAL'S CITATION.—UNITED STATES OF America, District of Oregon.—Whereas, a libel hath been filed in the District Court of the United States of America, for the District of Oregon, on the 31st day of July, 1871, by E. A. Cronin, Esq., Proctor, in behalf of Isaac Thomas and against the steamboat "Webfoot No. 2," and praying the usual process and monition of the Court, that all persons interested in the said vessel, her tackle, apparel and furniture, may be cited to answer the premises, and all due proceedings being had, that the same may be decreed to be sold, and the proceeds thereof to be distributed according to law: Therefore, in pursuance of the said monition under the seal of the said Court, to me directed and delivered, I do hereby give notice generally, unto all persons having, or pretending to have any right, title or interest therein, to appear before the aforesaid Court, at the city of Portland, on the 4th day of September, A. D. 1871, if it be a court day, or else on the next court day thereafter, at 10 o'clock in the forenoon, then and there to answer the said libel and to make their allegation in that behalf.

Dated at Portland, in said District, the 2d day of August, A. D. 1871.

THOMAS G. YOUNG,
E. A. CRONIN, Proctor. United States Marshal.
